

## Curriculum Vitae

Personal Information		
Title	Prof.	
Name	Yoo Jin Lee	
Degree	MD	
Country	Korea	
Affiliation	Keimyung University School of Medicine	
E-mail	doctorlyj(at)naver.com	
Educational Background		
2006	Keimyung University School of Medicine (MD)	
2016	Keimyung University School of Medicine, Postgraduate (Master's degree)	
2019	Kyungpook University School of Medicine, Postgraduate (Doctoral degree)	
Professional Career		
2011.3 - 2014.2	Fellowship, Department of Internal Medicine, Division of Gastroenterology, Keimyung University School of Medicine, Daegu, Korea	
2014.3 - 2015.2	Clinical and Research Assistant Professor, Division of Gastroenterology, Yonsei University Severance Hospital, Seoul, Korea	
2015.3 - Present	Professor of Internal Medicine, Division of Gastroenterology, Dongsan Medical Center, Keimyung University School of Medicine, Daegu, Korea	
2022.03 - 2023.07	Visiting scientist, F. Widjaja Inflammatory Bowel Disease Institute, Karsh Division of Gastroenterology and Hepatology, Department of Medicine, Cedars-Sinai Medical Center, Los Angeles, CA, USA.	
Research Field		
Inflammatory bowel disease Colon cancer/Colon polyp Therapeutic endoscopy Chronic constipation		
Main Scientific Publications		
<ol style="list-style-type: none"> <li>1. Postvaccination Symptoms After a Fourth Dose of mRNA SARS-CoV-2 Vaccination in Patients With Inflammatory Bowel Disease. <i>Inflamm Bowel Dis.</i> 2023 Sep 29;izad198.</li> <li>2. 2022 Seoul Consensus on Clinical Practice Guidelines for Functional Constipation. <i>J Neurogastroenterol Motil.</i> 2023 Jul 30;29(3):271-305.</li> <li>3. Vaccination strategies for Korean patients with inflammatory bowel disease. <i>Korean J Intern Med.</i> 2022 Sep;37(5):920-930.</li> <li>4. SARS-CoV-2 vaccination for adult patients with inflammatory bowel disease: expert consensus statement by KASID. <i>Intest Res.</i> 2022 Apr;20(2):171-183.</li> <li>5. Clinical outcomes and factors related to colonic perforations in patients receiving self-expandable metal stent insertion for malignant colorectal obstruction. <i>Gastrointest Endosc</i> 2018 Jun;87(6):1548-1557</li> <li>6. Inflammation, impaired motility, and permeability in a guinea pig model of postoperative ileus. <i>J Neurogastroenterol Motil.</i> 2018 Jan 30;24(1):147-158</li> <li>7. Impact of reinforced education by telephone and short message service on the quality of bowel preparation: a randomized controlled study. <i>Endoscopy.</i> 2015 Nov;47(11):1018-27</li> </ol>		

8. The role of tumor size in surgical decision making after endoscopic resection for early gastric cancer. *Surg Endosc. Surg Endosc.* 2016 Jul;30(7):2799-803
9. Education for Ward Nurses Influences the Quality of Inpatient's Bowel Preparation for Colonoscopy. *Medicine (Baltimore)*. 2015 Aug;94(34):e1423
10. Inter-observer agreement in the endoscopic classification of colorectal laterally spreading tumors: a multicenter study between experts and trainees. *Digestive Diseases and Sciences*. 2014 Oct;59(10):2550-6
